

Secure Our Borders

The Constitution Party affirms the integrity of the international borders of the United States and the Constitutional authority and right of the federal government to guard and to protect those borders, including the regulation of the numbers and of the qualifications of immigrants into the country.

The Constitution Party demands that the federal government aggressively defend our borders from the flood of illegal immigration besetting our nation. Also they must restore the immigration policies that qualify all potential immigrants before they are allowed to enter.

Keep and Bear Arms

“A well regulated militia, being necessary to the security of a free State, the Right of the *people* to Keep and Bear Arms shall not be infringed.”

“The Constitution of most of our states and of the United States, assert that all power is inherent in the people; that they may exercise it by themselves; that it is their right and duty to be at all times armed and that they are entitled to freedom of person, freedom of religion, freedom of property, and freedom of press.” - Thomas Jefferson

The Constitution Party upholds the right of the citizen to keep and bear arms. We oppose attempts to prohibit ownership of guns by law-abiding citizens, and stand against all laws which would require the registration of guns or ammunition.

State Sovereignty

Our federal republic was created by joint action of the several states. It has been gradually perverted into a socialist machine for federal control in the domestic affairs of the states.

The federal government has no authority to mandate (funded or un-funded) policies relating to state education, natural resources, transportation, private business, housing, health care, ad infinitum.

The Constitution Party calls for the federal government to divest itself of operations not authorized by the Constitution. We call upon Congress to extract the federal government from enterprises which compete with private free enterprise.

Commander And Chief

The Constitution Party joins with other American patriots to oppose the surrender of American liberty and autonomy to the United Nations or any other government. American troops shall never be lead by any other commander other than the President of the

United States, and shall never be deployed by the authority of anyone but the US Congress.

The Constitution Party opposes any alliance or participation in any treaty or agreement which compromises our independence as a nation, or which subverts our Constitution by improperly committing us to participation in foreign conflicts or intervention in foreign wars.

Never Too Strong

It is a primary obligation of the federal government to provide for the common defense, and to be vigilant regarding potential threats, prospective capabilities, and

perceived intentions of potential enemies.

The Constitution Party opposes unilateral disarmament and dismemberment of America's defense infrastructure. We call on the federal government to maintain a strong, technologically advanced military, in order to protect our interests, both home and abroad.

"God grants liberty only to those who love it, and are always ready to guard and defend it." - Daniel Webster

Constitutional Government

"We, the people are the rightful masters of both Congress and the courts — not to overthrow the Constitution, but to overthrow men who pervert the Constitution." - Abraham Lincoln

Over the course of time, men have perverted the Constitution. Giving themselves the right to infringe upon areas of our life that the state has authority in. The Constitution Party calls for the federal government to divest itself of operations not authorized by the Constitution. We call upon Congress to extract the federal government from enterprises which compete with private free enterprise.
